CLIO RENAULT SPORT 200 CUP

DRIVE THE CHANGE

CLIO RENAULT SPORT 200 CUP

PERFORMANCE GENETICS COME STANDARD

The Clio Renault Sport 200 Cup benefits from all the ingredients that have helped forge the success of previous Renault Sport models, including the 'Cup' chassis, a high performance engine and brakes. The combination of the independent steering axis front suspension arrangement and reinforced rear suspension provides rigorous, balanced and sporty handling. The Renault Sport Technologies-developed 2.0L 16V engine produces 147.5kW and brings out the very best in the Clio Renault Sport, while the Brembo® calipers and big brake discs deliver powerful and durable stopping power.

The Clio Renault Sport 200 Cup's sporty calling is mirrored in details such as the aluminium pedal covers as well as by the perforated leather steering wheel with visible stitching and red centre-point marker. The RECARO seats are exceptionally comfortable and ensure a high level of body-hugging lateral support. The white rev-counter includes a visible and audible gearshift indicator to help optimise gear changes. As with all models developed by Renault Sport Technologies, Renault Sport badging is visible inside and outside the vehicle.
